An illustration featuring five hands of different skin tones holding smartphones. Each phone screen displays a different aspect of a medical consultation interface, such as a doctor's profile, a video call, or a message exchange. The hands are arranged in a cluster, suggesting a community or network.

The illustration shows four hands of different skin tones holding smartphones. Each phone displays a different screen of the Link to Care WA mobile application, illustrating its various features and how they can be used.

An illustration featuring four hands of different skin tones, each holding a smartphone. The screens of the phones display various medical-related interfaces, such as a doctor's profile, a heart rate monitor, and other health tracking data. This visual represents the digital health resources available through the Link to Care WA program.

The image features the 'Link to Care WA' logo on the left, which includes a stylized orange and blue geometric icon above the text 'Link to care WA' and 'Get Connected. Stay Healthy'. To the right, five hands of different skin tones are shown holding various smartphones, each displaying a different screen of the Link to Care app or website.

The image features the Link to Care WA logo on the left, which includes a stylized orange and blue hand icon above the text "Link to care WA" and "Get Connected. Stay Healthy". To the right of the logo is a graphic showing five hands of different skin tones holding various smartphones, all displaying different screens of a mobile application.

The image features the Link to Care WA logo on the left, which includes a stylized orange and blue hand icon above the text "Link to care WA". Below the logo is the tagline "Get Connected, Stay Healthy". To the right of the logo is a graphic titled "COMMUNITY HEALTH NETWORK" with the subtitle "An initiative of Washington State". The graphic shows five hands of different skin tones holding up smartphones, each displaying a different healthcare-related app or interface.

Link to Care WA предоставляет жителям штата Вашингтон онлайн-сервисы и индивидуальные консультации через справочную службу, помогает им получить доступ к устройствам, подключиться к интернету и приобрести необходимые технические навыки для организации собственного медицинского обслуживания.

An illustration featuring four hands of different skin tones holding smartphones. Each phone displays a different screen from the Link to Care WA mobile application. The screens show various features such as a home screen with a red heart icon, a consultation request, and a video call interface.
